PRESS RELEASE

SecureTech Announces Successful Testing of Top Kontrol® Production Model

Roseville, Minnesota – June 20, 2019 – SecureTech Innovations, Inc., an emerging growth company focused on developing and marketing personal and automobile security and safety devices and technologies, announces that it has successfully completed testing the final production model of its Top Kontrol® anti-theft and anti-carjacking product.

Over the next few months SecureTech will undertake the following steps prior to releasing Top Kontrol® for general retail sales in the US:

- Obtain the required approval and certification from US regulatory bodies, including FCC and UL;
- Complete packaging design and development now that the production model has been finalized;
- Launch a Top Kontrol® product website highlighting the benefits and superiority of Top Kontrol®;
- Initiate a training and certification program for Top Kontrol® installers and mechanics; and
- Create a sales department to target wholesale and retail channel sales.

Kao Lee, SecureTech's President and CEO, stated, "This is a major milestone for our company. Despite experiencing a few unforeseen delays and having to change contract manufacturers during this process, Top Kontrol® is finally ready and we are very excited to be moving to the next phase of our company's very bright future." Mr. Lee added, "I would also like to thank all of our product testers and express my gratitude for their valuable feedback which allowed us to make Top Kontrol® a much better product at the end of this testing phase."

About SecureTech Innovations

SecureTech is an emerging growth company focused on developing and marketing personal and automobile security and safety devices and technologies. SecureTech is the maker of Top Kontrol®, the only anti-theft and personal safety automobile device known that can safely stop a carjacking without any action by driver.
