PRESS RELEASE

SecureTech Announces SEMA Membership and 2020 Top Kontrol® Showcasing Plans

Roseville, Minnesota – December 9, 2019 – SecureTech Innovations, Inc., an emerging growth company focused on developing and marketing personal and automobile security and safety devices and technologies, announces that it has joined the [Specialty Equipment Market Association](#), better known throughout the industry as SEMA, in preparation for launching Top Kontrol® into the international marketplace in 2020.

SecureTech’s Management team recently attended the annual [SEMA Show](#) in Las Vegas. During their visit and after having discussions with various industry executives, Management began the process to host a booth and exhibit SecureTech’s Top Kontrol® product during the 2020 SEMA Show in Las Vegas. This exclusive show attracts large numbers of high-quality buyers from around the globe, which makes it the perfect venue to introduce new products to the international marketplace. According to convention statistics, the SEMA Show is the second largest annual convention in Las Vegas attracting more than [160,000 industry professionals in 2019](#) (note: SEMA is not open to the general public and attendance is strictly regulated by the organizers).

Kao Lee, SecureTech’s President and CEO, stated, “We are incredibly excited about the opportunity to be part of SEMA and have access to its myriad of resources which can significantly boost our efforts to begin marketing Top Kontrol® in the very near future. We have already started formulating our 2020 SEMA showcasing strategies and beyond. Additional news will be released in relation to these rapidly accelerating developments during the first part of the new year.”

“In addition, I am pleased to report that significant progress has been made with obtaining key regulatory compliance for Top Kontrol®, which is a requirement before we can legally sell it in the US. The testing is going well and we anticipate receiving full regulatory approval very soon. As soon as we receive this regulatory approval, we will commence production of our initial product inventory and make the product available for retail purchase in the US,” added Mr. Lee.
