# PRESS RELEASE

## SecureTech To Attend Virtual SEMA360 Show

**Roseville, Minnesota** – August 31, 2020 – SecureTech Innovations, Inc., an emerging growth company focused on developing and marketing personal and automobile security and safety devices and technologies, wants to share with its shareholders that the [Specialty Equipment Market Association \(SEMA\)](#) has canceled the upcoming annual SEMA Show, which was scheduled between November 3 – 6, 2020 in Las Vegas, NV. This annual show, that draws over 160,000 industry professionals, including buyers and distributors from around the world, was canceled for health safety concerns and international travel bans from the COVID-19 pandemic.

Instead of hosting a booth to present their products formally, companies like SecureTech have been invited to register for “SEMA360,” which is a brand-new virtual platform where industry professionals can interact and discover new products and trends. This virtual platform will also allow qualified buyers to connect with manufacturers from all over the world. Registration for SEMA360 will open later this week on September 3<sup>rd</sup>, and as a SEMA Member, SecureTech will be able to enjoy a membership rate of only \$495.00.

Kao Lee, SecureTech’s President and CEO, stated, “This pandemic is throwing new curve balls at us almost daily. Doing a virtual SEMA show was something I could never have imagined. Still, after careful consideration and long discussions with my team, we have concluded that this might be the perfect opportunity to do a soft launch for Top Kontrol. It’s a very cost-effective way to try our wings among some of the world’s largest manufacturers while at the same time networking with other companies and potential buyers”.

“I would like to thank my SecureTech team for their flexibility and innovative thinking. Together, we can make the SEMA360 virtual show a successful product launch for Top Kontrol. I am confident that COVID-19 disruptions are temporary in nature and hopefully, by next year, we will be able to showcase our products to international buyers and distributors in person at the SEMA Show in Las Vegas. Until then, we will continue working around this pandemic and expand Top Kontrol sales safely and more directly,” added Mr. Lee.

### About SecureTech Innovations

SecureTech is an emerging growth company focused on developing and marketing personal and automobile security and safety devices and technologies – our products preserve life, protect property, and prevent crime. SecureTech is the maker of [Top Kontrol®](#), the only anti-theft and anti-carjacking system known that can safely stop a carjacking without any action by the driver. ## About SEMA and the SEMA Show

The SEMA Show is a trade show produced by the Specialty Equipment Market Association (SEMA), a nonprofit trade association founded in 1963. Since the first SEMA Show debuted in 1967, the annual event has served as the leading venue bringing together manufacturers and buyers within the automotive specialty equipment industry. Products featured at the SEMA Show include those that enhance the styling, functionality, comfort, convenience and safety of cars and trucks. Additional details are available at [www.SEMAShow.com](http://www.SEMAShow.com) or [www.sema.org](http://www.sema.org).

Certain statements in this release, other than statements of historical fact, may include forward-looking information that involves various risks and uncertainties. There can be no assurance that such forward-looking statements will prove to be accurate. Actual results and future events could differ materially from those anticipated in such statements. These and all subsequent written and oral forward-looking statements are based on the estimates and opinions of Management on the dates they are made and expressly qualified in their entirety by this notice. SecureTech Innovations, Inc. ("**SecureTech**") assumes no obligation to update forward-looking statements should circumstances or Management's estimates or opinions change, other than as required pursuant to applicable securities laws. For a description of additional risks and uncertainties, please refer to SecureTech's filings with the Securities and Exchange Commission, including "Risk Factors" in its Annual Report filed on Form 10-K.
