PRESS RELEASE

SecureTech Retains Cross Stitch Media to Produce Series of Top Kontrol Product Videos

Roseville, Minnesota – April 28, 2021 – SecureTech Innovations, Inc. (OTC: [SCTH](#)), an emerging growth company focused on developing and marketing personal and automobile security and safety devices and technologies, announces that it has retained [Cross Stitch Media](#) to produce a series of videos demonstrating the unique capabilities of Top Kontrol.

These videos will introduce and educate prospective customers worldwide about Top Kontrol and how much more advanced it is than the competition, especially when it comes to carjacking situations, which have become a daily occurrence in most large cities. Once completed, this initial series will include a 30-minute product demonstration video and five 2–3-minute videos. SecureTech will share these videos through [YouTube](#), its own websites, and other social media platforms.

Kao Lee, SecureTech's President and CEO, stated, "Producing these videos will allow us to expand our sales and marketing initiatives greatly. Up to this point, we've had to limit our sales efforts to the Twin Cities area. Also, the ongoing COVID-19 pandemic continues to hinder these sales and marketing activities."

Mr. Lee continued, "However, once these videos are widely available via the Internet, we will be able to reach a much larger, worldwide audience of prospective customers, dealers, retailers, and installers. We anticipate this will help mitigate the negative effects of the COVID-19 pandemic while creating new opportunities to sell into the entire US market as well as the rest of the world, which is also experiencing similar increases in daily car thefts and carjackings."

Dan Yang, Cross Stitch's Creative Director, commented, "Cross Stitch Media is excited to share with the world the innovations that Secure Tech has to offer. I hope that these videos will display not only how advanced, but simple to use Secure Tech Innovations' products are when compared to the competition."
